Dear Parents of Pre-School Children,

This year has been an exciting social, emotional, physical and intellectual experience for a group of pre-schoolers at the Temple Rodef Shalom Nursery School. As most of you know our Temple started a half-day program for pre-schoolers in September, 1971. Housed in the beautiful facilities of the Temple and staffed by a teacher and two competent aides, the children are learning through a variety of play experiences. Our program, which includes Jewish content, is unique in Fairfax County.

Now that our school is a reality and has received publicity and interest on a community wide level, it is important that we plan for the future. We intend to expand the program while maintaining the close personal feeling which comes with small classes, competent staff and individual attention to the diverse needs of the children.

Members of our Congregation and children currently enrolled in the program will have preference in enrolling for the 1972-3 session. However, since the program is open to the entire community, and, since we have already received a number of inquiries, we urge you to act quickly and to use the enclosed form to secure a place for your child as soon as possible.

There can be little doubt that early learning experiences in a Temple Nursery School setting will help our youngsters identify with other Jewish children and help them feel a sense of belonging. We look forward to working with you and your child and we would be delighted to answer questions, to supplement the information provided here and to arrange for a visit to the school. Feel free to call the Temple Office (532-2217) or, for more detailed information, call Judy Seiff (534-7860.)

Sincerely,

Laszlo Berkowitz (Rabbi)

Judy Seiff
