

FAQ for 1-10-19

Great news! We have two permits approved – the site permit and the VDOT permit. This means that you'll start to see some progress... within the next few weeks. Keep an eye out for trailers and equipment – we can't wait!

In the meantime, despite extremely muddy conditions and other weather-related challenges, you may have noticed that a playground set has been disassembled and moved to the center parking island. In the coming weeks, new drainage will be installed and the playset and sandbox will be reassembled with a safety fence to encompass the play area. We hope to begin to use this additional play area soon. The existing large playground will also be in use until the two story classroom and office construction begins.

If you have any questions about the building project, feel free to email us at bptf@templerodefshalom.org
