

FAQ for 3/7/19

There are many wonderful things about the Temple's grounds, but the plethora of beautiful trees is one of my favorite aspects. As our construction progresses, the trees have become an important part of the process. Unfortunately, some need to be removed to make space for our new parking lot and stormwater management systems. The county's arborist has required us to remove some unhealthy trees, as well as those whose roots would be weakened by the work done on our property. This would cause a considerable safety concern if not addressed, so we are, of course, eager to comply with the county's requests. I am reassured by the knowledge that we will soon begin planting trees, and, by the end of the project, we will have more than we started with, each of them healthy, strong, and beautiful.

If you have any questions about the building project, feel free to email us at [bptf@templerodefshalom.org](mailto:bptf@templerodefshalom.org)
