

FAQ for 7/11/19

Wow – that was some storm on Monday morning! We hope no one had too much damage and that you're drying out. Here at TRS, we did have a fair amount of water and mud flow into some of our classrooms, hallways and the Multipurpose room, but our camp staff, contractors and subs dropped everything both to contain the flow and clean it up! We will need professional help to finish cleaning the Multipurpose room, but the damage is less than it could have been. Because we have masonry walls on the lower levels rather than drywall, there was no damage to the walls. Furthermore, many of the closets were empty because we had put the items into offsite storage in preparation for the work to be done in those spaces in August. Whew, do we feel lucky in that regard!

Meanwhile, the new parking lot became a lake, but once it dries out, the workers needs four more days to finish it. Keep your fingers crossed for minimal rain until that happens!

If you have any questions about the building project, feel free to email us at bptf@templerodefshalom.org
