

Reyna Pratt, Chair of the Building Project Task Force, will be providing the congregation with updates as construction progresses.

Walls are going up, and walls are coming down at TRS this month! Demolition should be complete by the beginning of next week. The gaping holes that you see in the picture above are the prior locations of Beth Silver's and Cookie Mandell's offices! These spots are where some of the connections will be built, joining our current building to the new clergy/classroom addition. Meanwhile, the wooden structures you see in the picture below are the forms for the concrete for the clergy/classroom addition. In between the forms, a pumper has been used to carefully pour concrete which is forming the new walls for the addition. It's all very exciting to see the progress that we have been dreaming about for so many months!

If you have any questions about the building project, feel free to email us at bptf@templerodefshalom.org
