

Weekly Update 10/10/19

We hope that you had a chance to check out the construction progress for yourself during the holidays, but the picture above is a view only the construction team would have had. In the picture above, we can see the supports for some of the walls of the Small Sanctuary! The pentagon shape is the sanctuary itself, and the four construction workers are standing near the storage areas that will be used for the sound equipment, chairs, and other items. Soon, this entire area will be filled with dirt and leveled off, but, in the meantime, it's fun to see the building layout begin to take shape!

If you have any questions about the building project, feel free to email us at [bptf@templerodefshalom.org](mailto:bptf@templerodefshalom.org)
