

Weekly Update 10.24.19

The above picture shows the walkway that will lead to the new Small Sanctuary, now with the concrete poured (as opposed to the picture last week). Here's a fun fact that we were reminded of when we saw the plaque in this picture: the construction for our original building began in 1969, and it was completed in 1970. Our construction will be completed in 2020 (50 years after the original was completed). What a great way to celebrate a 50th anniversary!

Meanwhile, there has been notable progress on the clergy/classroom addition, including the installation of plumbing, waterproofing, and back-filling. The picture above shows the view from the future location of the new playground. Of course, this view will continue to change dramatically in the coming months, but the picture gives a sense of what is to come!

If you have any questions about the building project, feel free to email us at bptf@templerodefshalom.org
