

7.16.2020 Weekly Update

Reyna Pratt, Chair of the Building Project Task Force, provides our updates as construction progresses.

Last week, we shared with you that there was beautiful work being done on the doors that separate the wings from the Main Sanctuary. This week, we're pleased to show you the work that has been done on the bimah. Not only was the carpet replaced, but so was the wood for the risers and the steps. Doesn't it look gorgeous?

As for the new construction, here is a photo of the Jerusalem stone on the front of the small sanctuary and the walkway leading to it, more stunning work:

There will also be Jerusalem stone on the wall enclosing the terrace behind the small sanctuary and on a new seat near the new stairs leading down from Westmoreland. (Perhaps we can play a game when we're back as a community – how many places can you find Jerusalem stone at 2100 Westmoreland Street?)
