

## 7.2.2020 Weekly Update

*Reyna Pratt, Chair of the Building Project Task Force, provides our updates as construction progresses.*

Did you know that we are going to have a small, enclosed area next to the library that will be called “Rodef Café”? Here is a rendering from 18 months ago. Please note that the plans have changed slightly (including the addition of a sink) so you should not expect the finished product to look exactly like this:

This is being built at the location of the terrace next to the library, one of the ways we exit the building after High Holiday services in the Social Hall. You can see that we will be enclosing the two open sides with glass, and the exit to the stairs will remain.

The picture below was taken this week, and you can see the beginning stages of work on this space:

You can see the steel beams have been installed, and concrete was poured for the floor. It will be great fun to watch the progress continue in the coming weeks!

As always, please reach out if you have any questions: [bptf@templerodefshalom.org](mailto:bptf@templerodefshalom.org)
