

7.23.20 Weekly Update

Reyna Pratt, Chair of the Building Project Task Force, provides our updates as construction progresses.

This week's update is about the children – the work has begun for both playgrounds! In the picture below, you can see the new structure being put in for the “little ones” playground, geared toward the youngest children. It's located between the classroom addition and our current building. In the back of the photo, you can see the bridge that connects the clergy suite to our admin suite.

On the other side of the clergy/classroom addition, there will be an elaborate playground for the older children (and those of us who are young at heart).

The work on this is just beginning, but here's a picture of the new sandbox at the far west edge of the playground. I can't wait to check it out!
