

7.30.2020 Weekly Update

Reyna Pratt, Chair of the Building Project Task Force, provides our updates as construction progresses.

This week's update has nothing to do with the photo below. We're at a point in the construction where a great deal is happening, but it's not easy to show the progress photographically. So, we thought we would update you on the schedule.

The construction team continues to work hard and efficiently (even in this heat!), and we expect that the clergy/classroom addition will be complete by mid-August, as will the school offices, the camp office, the youth lounge, and the Multipurpose Room. This is exciting news, for we need the staff and clergy to move out of the classrooms they currently inhabit so that the Early Childhood Center (formerly known as the Nursery School) can get ready for school this fall! The progress for the rest of the construction, including the Small Sanctuary, has been delayed by numerous factors, including a supply chain slowdown due to COVID. We are hoping that the construction will be completely finished by the end of September, and we will certainly keep you posted!

As for this week's photo: you can see that the front of the Small Sanctuary (including the landscaping, which is not yet complete) looks great!

As always, please reach out if you have any questions: bptf@templerodefshalom.org
