

7.9.2020 Weekly Update

Reyna Pratt, Chair of the Building Project Task Force, provides our updates as construction progresses.

You may not realize that there will be four new classrooms in the clergy/classroom addition, and three of them will be separated by folding partitions, allowing for one big space when needed. Here is a picture that shows most of the three-classroom space. Notice the big windows at the end – they will look out over the playground and the trees. The blue cabinets are gorgeous and will provide much needed storage.

Meanwhile, we are also taking advantage of this opportunity to do some maintenance work in our current sanctuary. You might know that the walls that separate the North and South Wings from the sanctuary are folding doors that have wooden slats on them. We are adding a door to each set of folding doors that will allow for improved egress from the sanctuary as you can see here:

Once the construction is complete, even the older building will seem brand-new again!

As always, please reach out if you have any questions: bptf@templerodefshalom.org
