

9.10.2020 Weekly Update

Reyna Pratt, Chair of the Building Project Task Force, provides our updates as construction progresses.

I have been waiting and waiting to show everyone the pictures of the finished playground, and I finally can! The poured in place rubber has been installed, as has the turf, and it looks like so much fun!

This is a picture from the top of the slide, overlooking the whole playground. (Note – there are actually four playgrounds, including Bunny’s place. This is the newest one.)

To the left of the slide is turf. To the right of the slide, there is a serpentine/switchback path that is covered in beautiful Kebony decking. There are also stairs to get down to the playground, but that's just not as fun!

At the bottom of the slide, we can play giant musical instruments, swing on bars, crawl through tubes, spin and climb and have a fabulous time! Here's a view from the back of the playground:

There's also the biggest sandbox I have ever seen, as well as large canopies for those times when it's a good idea to take a break from the sun. Doesn't it just bring out your inner child??

As always, please reach out if you have any questions: bptf@templerodefshalom.org
