

### 9.3.2020 Weekly Update

*Reyna Pratt, Chair of the Building Project Task Force, provides our updates as construction progresses.*

So, picture that you have come into the building at the top level (near the Main sanctuary), you turn left and walk along the railing near the stairs. This will be the reception desk that you see!

It's not completely finished, of course, and the rug is currently being protected so isn't easily seen, but isn't it stunning? There will also be artwork directly behind the desk. Here is another view, showing a close-up of the stone counter. I love how the stone flows from the top to the side.

Here's a teaser for you as well – note the pattern of the wood in the front of the reception desk. You might be seeing that same pattern on a new piece of furniture in the Small Sanctuary!
