

12.3.2020 Weekly Update

Reyna Pratt, Chair of the Building Project Task Force, provides our updates as construction progresses.

This week, I'm excited to share photos of the Reception Hall in the new wing, the area outside of the Small Sanctuary.

The new floor has been installed, as has the wood on the walls. (It has a really warm feeling to it, don't you think?) To orient you, the Small Sanctuary is on the left in this photo, and the doors at the end of the hall lead to the traffic circle.

In the photo above, you can see the location of the future donor wall, and you can see the hanging lights that will help to illuminate the gorgeous art. The wall will be installed after all the construction is completed, and I am excited to see the result!

As always, please reach out if you have any questions: bptf@templerodefshalom.org
