Food 4 Thought: What Judaism Has to Say About Love Sponsored by the Adult Education Committee
Feb 13 Tue 10:00 - 11:30 AM

In today's society, Valentine's Day is a secular holiday commercialized by industries that benefit. But, what is love? And, what does Judaism say about it? How can Judaism guide us in opening our own hearts to receive and give love on a deeper level? We will dive below the surface with Cantor Allen Leider who will help us explore the Jewish meaning of love through text, prayer, song and meditation. Cantor Leider's discussions are always engaging, insightful and not to be missed!

Seeking Mah Jongg Players

A few women from the TRS Sunday Book Club are looking for players interested in joining a weeknight "social mah jongg" group. As relatively new players, our goals are to enjoy spending time with other TRS women while we play the game and improve our skills. We have been meeting on alternate Monday evenings at a home near Rodef Shalom but are willing to revisit the logistics if we have a larger group.
